BIOGRAPHY

Justina Page is a natural storyteller who speaks with a bold and refreshing honesty that touches the hearts of audiences. Her speeches unfold with a combination of humor, insightful observation and wisdom, as well as practical application. Justina is a woman whose faith was tested by fire. She now inspires audiences across the country with a powerful message of hope and triumph.

Her award-winning book, *The Circle of Fire*, tells the story of how Justina's life was changed forever when fire swept through her home, March 7, 1999. The loss of her 22 month old twin son, Amos, the severe and lasting injuries of her other twin son, Benjamin, and her own devastating experience of third degree burns covering 55 percent of her body affected the entire family.

With the support of her husband, James, and their surviving children, as well as her dedicated church family, Justina was able to use the power of faith and love to turn tragedy into triumph. From the ashes of fire a new hope has emerged. She is the Founder and Executive Director of The Amos House of Faith, a non-profit organization, established to provide post-burn support to children and families affected by burn trauma.
